In Death's Embrace (live)

Dimmu Borgir

By the light of the moon
And the beeings of the night
A curse has been laid upon us
To seek and tear celestial gloss to pieces

By the power of death
And the shadow of the reaper
A call has been brought upon us
To complete the infinite fall of heaven

Without the wit or will to end this journey We continue travelling towards our faith Harvesting helpless Christian spirits Raping the sanctity of saints

The heavenly father is streching his hand Pathetically begging for mercy We spit and piss on his sacred flesh As we breathe the breath of the unholy

For with the sign of the pentagram Hellfire rage is for us to come As we shall wander the pit

Uhallowed by the infernal one We are forever captured By the embrace of death
