

## Tormentor of Christian Souls

Dimmu Borgir

I could drag you to my chambers  
and strip you naked in darkness  
I could pull your fingernails out one by one  
and rape you till you find no hope

I could rip your guts out  
and let you watch me sacrifice your unborn child  
I could leave you to starve  
and even bring you to total silence

For once!

For I find no pleasure in your physical pain  
I want your Christian soul to crumble

When I have seen your church go up in flames  
and you are weeping I will laugh  
When you mourn over loved ones  
I will feel bliss when your mortal soul is in ruins

For once!

I will grin in the shadows  
for that gives me pleasure
