

# Miss You

Dinah Shore

When day is dark and that is blown  
Darling think of me lonely me  
Oh boy you're gone our love lives on  
If you could only see how much

I miss you, since you went away, dear  
I miss you, more than I can say, dear

Daytime, nighttime, nothing I do  
Can't make me forget that I still love you  
Kiss you, in my dreams I kiss you  
Whispering, darling how I miss you

Tell me do you ever miss me as I miss you?  
Tell me do you ever miss me as I miss you?
