

# I Want To Cry

Dinah Washington

I want to cry  
When I hear your name,  
Though time goes by,  
I still feel the same!  
I want to cry  
For dreams we might have shared,  
Though I know  
You never have cared!

Since you went away,  
I've been lonely and blue;  
I spend each lonesome day  
Just crying for you!  
I want to cry,  
for what else can I do  
When I know  
I'll never stop loving you?

Since you've gone away, dear,  
I've been so lonesome and blue;  
I spend each lonesome day  
Just crying for you!  
I want to cry,  
for what else can I do  
When I know  
I'll never stop loving you?
