

# Take Me In Your Arms

Dinah Washington

Take me in your arms,  
Before you take your love away,  
Take me in your arms  
Before we part.

Let me thrill again  
To your carres of yesterday,  
Let me fill again  
My hungry heart.

One hour of gladness  
That we knew in the past,  
One moment's madness,  
Although it be the last, hold me fast.

Blind me with your charms,  
With all the stardust in the sky,  
Take me in your arms,  
And then goodbye.
