

## You Can Depend On Me

Dinah Washington

Though you, though you say we're through  
I'll always love you  
And you can depend on me

Though someone, someone that you've met  
Has made you forget  
Honey, you know you can count on me

Well, I wish, I wish you success  
And loads of happiness  
But darlin', I have to confess  
I will be lonely

If you ever, oh, if you ever need a friend  
I'll be yours until the end  
And you can depend on me

Well, I wish, I wish you success  
And loads of, loads of happiness  
But, darlin', I have to confess  
I will be lonely

If you ever, oh, if you ever need a friend  
I'll be yours until the end  
And you can depend on me  
Yeah, you, you can depend on me
