

Can't We Move This

Dinosaur Jr.

Time has left off for me
And I came back for your offer
Can't you know what I need
You mean everything to me
But you left to seek it
Can't we move this along?
Can't we get it on (wrong?)
Can't we move this along?
Can't we get it on (wrong?)
Tell me if you laugh at me
As the world leaves it to me
you see
Can't we move this along?
Can't we get it on (wrong?)
Can't we move this along?
Can't we get it on (wrong?)
Tell me I'm your man
I don't wanna live without it but I can
Your even stand
You can mount it to my chin if I can
I sure love the way the feelings

Can't we move this along?
Can't we get it on (wrong?)
Can't we move this along?
Can't we get it on (wrong?)
Tell me I'm your man
I don't wanna live without it but I can
Your love me but I can barely even stand
You can mount it to my chin if I can
I sure love the way the feelings get [?]
