

Goin Down

Dinosaur Jr.

I was sure I left her
Pretty sure you said "No way"
I am gonna get her
I can't go more than a day
I can't face myself

Tryin' to pull together
Tryin' to find the little man
Peace and all that I'm in
I make the others disappear
Well this ain't all myself

Are you with me?
Are you with me when I'm gone?
Are you with me?
Are you with me? Come along

Send it all the way
Send it all the way back home
Are you with me?
Are you with me when I'm gone?

Who knows why you're asking
If it pictures in my hand
I can't go without it
And I hoped you'd understand
I can't wreck myself

Are you with me?
Are you with me when I'm gone?
Are you with me?
Are you with me? Come along

I got more to say
I got more to prove you wrong
Are you with me?
Are you with me when I'm gone?
