And I know the way Yeah, I feel it All the way All the way, Lord

It feels the same to me
But I mean it
I've been cold
I've been cold, Lord

And I know the way
And I mean it
It's been done
It's been done, Lord

I got lost again Couldn't feel it Pull me back Pull me back, Lord

And I have a place Can I keep it For awhile For awhile, Lord

I got lost again
But I need it
Pull me back
Pull me back, Lord

All the way
All the way, Lord
Can we be the same again?
Can we be the same again?
Can we be the same again?
Can we be the same, Lord?
