Dinosaur Jr.

Hey babe, thought maybe  
Can't feel right today.  
Wish it didn't faze me  
Can't handle you their way.

Will I surround you, entombed and warm  
Don't lie to her, no bones, no form.  
The vast expanses, will leech you dry  
you'll shiver all summer

Hey babe, can't do it.  
Can't put you there again.  
Can't deal, can't go through it  
If there only was a when

Will I surround you, entombed and warm.  
Don't lie to her, no bones, no form.  
The vast expanses, the need to grind  
they'll summon
