

They Always Come

Dinosaur Jr.

I've been dryin' for it
Buggin' again
Now it won't bend
You've been frying for it
A mound of smack
Won't fill the crack
They always come in two's
All the space they always use
All the slips I've taped behind me
Not sure now what's left beside me
So I'm tapin' nappin'
All the things I left unspoken
The one that slipped still got me chokin'
Hope it don't mean I'll stop nappin'
[Repeat once, after second time there is a solo]
Can't face them man
The ones you left
Can't trace me
The sky broke down
That rainy sound
Gotta save me
