## **Shivers**

Fingers scratching blackboards Make cowards of the brave A natural reaction From the cradle to the grave

Rats and bats and spiders And little things that crawl Never make me tremble I'm bothered not at all

Then I saw you Something new inside of me What's this shakin' You made me shiver

Cemetery midnights Walking on the dead Never seemed to matter It's all inside your head

Names are only letters Mentioned on a stone And If you're going somewhere You're going it alone

Then I saw you Something new inside of me What's this shakin' You made me shiver

Magic charms and voodoo And all those other spells Didn't make impressions I never slept so well

If I had a nightmare I'm sure that I would know I really don't remember But I'm sure it isn't so

Then I saw you Something new inside of me What's this shakin'

Turn out the lights it won't matter A bucket of blood and I'm still fine A black cat's only a color But you can do it any time
