

# Don't Pity Me

Dion

(Pity... pity... pity... ahh... ahh... ooh...)

Pity my arms for losing you  
Pity my dreams that won't come true  
But don't (don't), don't pity me

Pity my heart that's gonna break (dow, dow, dow)  
Pity my kiss that you won't take  
But don't (don't), don't pity me

Pity from others I have plenty of  
But darlin', from you I want love

Pity the love I'll throw away (dow, dow, dow)  
Till you return to me some day  
But don't (don't), don't pity me

Pity from others I have plenty of  
But darlin', from you I want love

Pity the love I'll throw away (dow, dow, dow)  
Till you return to me some day  
But don't (don't), don't pity me

(Don't, don't) pity me  
[Fade]  
(Don't, don't) don't pity me
