

# Loving You Is Sweeter Than Ever

Dion

I remember yet before we met  
Each and every night  
A little lie  
A lonely one

And I remember meeting you  
Discovering love can be so true  
Baby when it's shared by two  
Instead of only one

When you said you loved me  
We cannot be parted  
I build 'round you  
Truely glad I found you

Loving you has made my life sweeter than ever  
Yes it has  
Loving you has made my life sweeter than ever

Each night I pray we never part  
For the love is in my heart  
Grows stronger with day at a day  
And it's best to count how I try  
Reassure and I'll satisfy  
Baby I be gone if you went away

You know I really need you  
I need for you to need me  
You know I wrap my world 'round you  
I'm truly glad I found you

Loving you has made my life sweeter than ever  
Yes it has  
Loving you has made my life sweeter, much sweeter than ever  
Loving you, loving you, loving you [2x]
