

Will Love Ever Come My Way

Dion

It seems the whole world wants to turn their backs on me
Can't seem to find someone to give a little love to me

(La la la la la la ooo) (backing over wo-oh's by Dion)
Wonderin' just what to do, wonderin' just where to go
Waiting here all alone, waiting for love to show
Will love ever ever come my way?

Looking for someone's love, looking so hard I cry
Wanting someone to care, wanting as time goes by
Will love ever ever come my way?

I'm just like a lonely drifter, I'm goin' on my way
Hoping that I will find love someday, some way
Dreaming of love & fun, dreaming the long nights through
Wishing on stars above, wishing sounds sad but true
Will love ever ever come my way?

oh oh oh oh
