

# Remember Our Love

Dionne Bromfield

Do you still remember our love?  
Do you still remember our love?

I saw you standing there, I tried not to stare  
But then it's been so long since you were in my life  
I couldn't help but see you still look good to me  
But where did we go wrong, I thought our love was strong

Maybe we were just too young then to know it  
So why did it hurt so bad?

So if our song begins to play, will it take you far away?  
Do you still remember our love?  
Would you wish for yesterday and all the promises you made?  
Do you still remember our love?

Will you remember our love, along the way oh?

You're walking up to me, yeah, I can hardly breathe  
But then I see your smile and all my fears pass by  
You ask me how I've been and can we still be friends  
I don't know what to say but we'll try to find a way

Maybe we were just too young then to know it  
So why does it hurt so bad?

So if our song begins to play, will it take you far away?  
Do you still remember our love?  
Would you wish for yesterday and all the promises you made?  
Do you still remember our love?

Will you remember our love? Will you remember our love?  
Will you remember our love, along the way oh?

Maybe we were just too young then to know it  
So why did it hurt so bad?

So if our song begins to play, will it take it far away?  
Do you still remember our love?  
Would you wish for yesterday and all the promises you made?  
Do you still remember our love?

Will you remember our love? Will you remember our love?  
Will you remember our love? Will you remember our love?  
Will you remember our love?
