

A Long Way to go

Dionne Warwick

I've burned my eyes
On a summer time sky
Traveling a country mile
I've drowned in pain
In the winter rain
The sweetness of a smile

I've been possessed
And maybe been blessed
By dreams I can't define
But don't you see
There's a light in me
And I'm gonna make it shine

Oh, sweet brother
Sister, don't you know
We've come a long way, yes, we have
And we've got a long way to go
Oh, sweet brother
Sister, don't you know
We've come a long way, hey, yeah
And we've got a long way to go
(Got a long way to go)

Been through the fire
Been down to the wire
Looking for my name
Soared as high
As a wild bird fly
Still came down the same

Now I may feel
A little more real
But I'm still more lost than found
And when day is done
I need someone
To wrap my love around

Oh, sweet brother
Sister, don't you know
We've come a long way, yes, we have
And we've got a long way to go
Oh, sweet brother
Sister, don't you know
We've come a long way, yes, we have
And we've got a long way to go

We've come a long way
Oh, oh, yes, we have, yes, we have
We've come a long way
Oh, oh, yes, we have, yes, we have

We've come a long way
Oh, oh, yes, we have, yes, we have
We've come a long way
Oh, oh, yes, we have, yes, we have

We have come a long way
We have come such a long way

We have come a long way
We've come a long way
Oh, oh, yes, we have, yes, we have
We've come a long way
Oh, oh, yes, we have, yes, we have

We've come a long way
Oh, oh, yes, we have, yes, we have
We've come a long way
Oh, oh, yes, we have, yes, we have
