

And Then You Kissed Me

Dionne Warwick

I thought I knew the magic of you
And then you kissed me
Dear, when you kissed me
I simply stood there and gazed, completely amazed

I walked around, both feet on the ground
And then you kissed me
Dear, when you kissed me
I found myself on a cloud, apart from the crowd

I had nothing to glow about
You came by
Now I know all there's to know about
Things like stars in the sky

I must confess I thought for awhile
That you'd resist me
But then you kissed me
And now I'm in love

I had nothing to glow about
You came by
Now I know all there's to know about
Things like stars in the sky

I must confess I thought for awhile
That you'd resist me
But then you kissed me
And now I'm in love

And now I'm in love
Now I'm in love
Now I'm in love
