

# Another Night

Dionne Warwick

Another night, another dream, and always you  
It's like a vision of love that seems to be true  
Another night, another dream, and always you  
In the night I dream of a love so true

Just another night, another vision of love  
You feel joy, you feel pain  
Cause nothing will be the same  
Just another night, it's all that it takes  
To understand the difference between lovers and fakes  
Oh baby!

I talk, talk, I talk to you  
In the night in your dream of love so true  
I talk, talk, I talk to you  
In the night in your dream of love so true

In the night, in my dreams I'm in love with you  
Cause you talk to me, like lovers do  
I feel joy, I feel pain, 'cause it's still the same  
When the night is gone I'll be alone

Another night, another dream, and always you  
It's like a vision of love that seems to be true  
Another night, another dream, and always you  
In the night I dream of a love so true

Just another night, another dream  
Another vision of love  
And we are here to set you free  
I am the lover, your lover  
Hey, sister, let me cover your body with my loving  
Is my loving just a number?

Vision of love that seems to be true  
We will do all the things that only lovers do  
Vision of love that seems to be true  
We will do all the things that only lovers do

In the night, in my dreams  
I'm in love with you  
Cause you talk to me, like lovers do  
I feel joy, I feel pain, 'cause it's still the same  
when the night is gone I'll be alone

Another night, another dream, and always you  
It's like a vision of love that seems to be true  
Another night, another dream, and always you  
In the night I dream of a love so true

I talk, talk, I talk to you  
In the night in your dream of love so true  
I talk, talk, I talk to you  
In the night in your dream of love so true

In the night, in my dreams I'm in love with you  
Cause you talk to me, like lovers do

I feel joy, I feel pain, 'cause it's still the same  
When the night is gone I'll be alone

Another night, another dream, and always you  
It's like a vision of love that seems to be true  
Another night, another dream, and always you  
In the night I dream of a love so true
