

As Long as There's an Apple Tree

Dionne Warwick

As long as there's an apple tree
There'll be apple pie
And what is meant to be will be
Who teaches birds how to fly

Here in this world
Where so few things endure
Look around me
There still are things that are constant and sure
Love that's faithful and true
Will go on forever

As long as there's an apple tree
There'll be apple pie
And what is meant to be will be
Who teaches birds how to fly

How many times
Have you looked at a rose?
Think it over can you explain
How it blooms and it grows?
You just know that it's there
Like I know I love you

Who teaches birds how to fly
Who teaches they survive

As long as there's an apple tree
There'll be apple pie
As long as there's a you and me
Love can never die

As long as there's an apple tree
There'll be apple pie
