

## Forever My Love

Dionne Warwick

It is written in the stars  
This enchanted love of ours  
Will burn bright  
Day and night  
Forever my love  
Forever my love

Awake or asleep  
I will keep  
Only you in my dreams and my heart  
Never more than a love word apart  
Forever my love  
Forever my love

Till the rivers turn to sand  
And the hills no longer stand  
It will be  
You and me  
Forever my love  
Forever my love

Where ever you are  
Near or far  
I'll be there ever faithful and true  
I'll belong to no other but you  
Forever my love  
Forever my love  
Forever my love  
Forever my love  
Forever my love...
