

Here, Where There Is Love

Dionne Warwick

Stand here by my side, let me hold you near me
Here where there is love, your're not alone
Here where there is love, no other man has known
In good times or in bad times I will be there
And I'll take your hand, oh, how I'll love you

Here where there is love, you will be strong
I'll always be there when you need me
Here where there is love you know that you belong
For no man is an island, and we need love

So just come along with me and we'll walk on together
For all time, and through all kinds of weather
I want you, I need you, I always will love you

Here where there is love, you're not alone
I'll never, never let them hurt you
Here where there is love, no other man has known
In good times or in bad times I will be there
And I'll take your hand, oh how I'll love you

Here where there is love, you're not alone
I'll always be there when you need me
Here where there is love, no other man has known
In good times or in bad times I will be there
And I'll take your hand, oh how I'll love you
