

It's the Falling in Love

Dionne Warwick

It's the falling in love
That's makin' me high
It's the bein' in love that makes me cry, cry, cry
You've got me falling in love, falling in love

You're not like anybody I ever knew
But that don't mean I don't know where we are
And tho' I found myself attracted to you
This time I'm tryin' not to go too far
'Cause no matter how it starts, it ends the same
Someone's always doing someone more
Tradin' in the passion for that taste of pain
It's only gonna happen again

It's the falling in love
That's makin' me high
It's the bein' in love that makes me cry, cry, cry
It's the falling in love
That's makin' me high
It's the bein' in love that makes me cry, cry, cry
You got me cryin' all night

And tho' I'm tryin' not to look in your eyes
Each time I do they kind of burn right thru me
Don't want to lay down in a bed full of lies
And yet my heart is saying "come and do me"
Now we're just a web of mystery
A possibility of more to come
I'd rather leave the fantasy of what might be
But here I go falling in love

It's the falling in love
That's makin' me high
It's the bein' in love that makes me cry, cry, cry
It's the falling in love
That's makin' me high
It's the bein' in love that makes me cry, cry, cry
You got me cryin' all night
