

My Everlasting Love

Dionne Warwick

I'm so in love, that I still can't believe it.
Even as I see you now.
Falling in love from the moment I saw you
Never even thought I knew how.

Suddenly I turned around.
And what do you think I found?
Deep in my soul, burning out of control
was my everlasting love for you.

I was adrift with no sense of direction,
couldn't find my way back home.
Aching I'm lost and in need of affection,
scared I'd always be alone.

Suddenly I turned around.
And what do you think I found?
Deep in my soul, burning out of control
was my everlasting love for you.

Arms gently hold me, soon and infold me.
All of my defenses fade away; away.

See how the moon slowly sinks in the ocean,
darkness giving into day.
You came along like the sun to guide me,
helping me to find my way.

Suddenly I turned around,
And what do you think I found?
That deep in my soul, burning out of control
was my everlasting love for you.
Was my everlasting love for you.

It was
My everlasting love for you.
