

Pocketful of Miracles

Dionne Warwick

Pee-racticality dee-oesn't interest me
Love's the life that I lead
I've got a pocketful of miracles

And with a pocketful of miracles
One little miracle a day is all I need

Tee-roubles more or less bee-other me, I guess
When the sun doesn't shine
But there's that pocketful of miracles
And with a pocketful of miracles
The world's a bright and shiny apple that's mine, all mine

I hear sleigh bells ringing
Smack in the middle of May

I go around like there's snow around
I feel so good, it's Christmas ev'ry day

Lee-ife's a carousel fee-ar as I can tell
And I'm riding for free
So, if you're down and out of miracles
I've got a pocketful of miracles
And there'll be miracles enough for you and me

I hear sleigh bells ringing

Smack in the middle of May
I go around like there's snow around
(I feel so good, it's Christmas ev'ry day)

Lee-ife's a carousel fee-ar as I can tell
And I'm riding for free
(I've got a pocketful of miracles)
But if I had to pick a miracle
My fav'rite miracle of all is you and me
