

## Reservations for Two

Dionne Warwick

It's been so long  
Since I last saw you  
We're always running  
No time for loving  
Let's take some time out  
To know each other again  
You know I miss you  
You're my best friend

I don't want to lose you  
You're the one I'm living for  
And I need you here beside me  
Can't be without you anymore

Let's make reservations for two  
This is just between me and you  
There will be standing in line  
Because tonight you're mine

We'll unplug the phones  
Turn the lights down low  
Hold each tight  
And take it real slow  
I want you to myself  
To share with no one else  
Make each moment last  
For ever and ever and ever

Pretend we're on an island  
All alone just you and me  
Where no one will ever find us  
There's no place I'd rather be

Let's make reservations for two  
This is just between me and you  
There will be standing in line  
Because tonight you're mine

Tonight you're mine  
Tonight you're mine  
Oh tonight you're mine  
Mine

I don't want to lose you  
You're what I'm living for  
Oh I need you here beside me here baby  
Can't be without you anymore

Let's make reservations for two  
This is just between me and you  
There will be standing in line  
Because tonight you're mine

I don't want to lose you  
You're what I'm living for  
Oh I need you here beside me here baby  
Can't be without you anymore

Let's make reservations for two  
This is just between me and you  
There will be standing in line  
Because tonight you're mine

We've got reservations for two  
This is just between me and you  
There will be no standing in line  
For baby, tonight you're mine  
Tonight you're mine.
