

# We Had This Time

Dionne Warwick

No one's gonna say we didn't try to make it  
We only walked away after we tried  
No one's gonna say we didn't hold on for the ride

We had this time  
And the memories still turn in  
And burn in my mind  
We had this time  
But baby, it's a crime  
We had to leave so much of us behind

Love for you and me it came so easy  
We found the perfect dream, I swear  
But when the dream came true, well the dreamers didn't care

We had this time  
And the memories still turn in  
And burn in my mind  
We had this time  
But baby, it's a crime  
We had to leave so much of us behind
