

# Yours

Dionne Warwick

They told me love don't last forever  
Now I understand  
To think that only yesterday  
You held me in your hands  
And I became a woman  
And you became the world to me

I was lost, no dream to hide  
No star to fall apart  
Your heart it rang oh in me  
You led me to believe that I was

Yours, yours, I swallowed every lie  
And you will cry when I'm away  
On your own like me  
When I was yours

I could live my life without you  
But that is not enough  
I can't lie awake believing  
You don't want my love  
Alone in my desire  
And still the fire burns, my friend

I was there, I loved you well  
Though we are far apart I love you still  
I believed the very moment when you call me

Yours, yours, don't let me die inside  
Save me from the memories  
The hours that I cried  
Say to me that I am

Yours, yours, love eternally  
And you will cry when I'm away  
On your own like me  
When I was yours

Oh, yours, yours, don't let me die inside  
Save me from the memories  
The hours that I cried  
Say to me that I am

Yours, yours, love eternally  
And you will cry when I'm away  
The hours that I cried  
Say to me that I am

Yours, yours, don't let me die inside  
Save me from the memories  
The hours that I cried  
Baby won't you say to me  
I'm yours, I'm yours
