

Death Song

Dionysos

I'll die alone but I don't know where I don't know when
Probably before the end of that song
I was wrong about everything
I failed all my magic tricks
My dreams are ghost of dreams
I can't see them anymore
I'll miss you and maybe I'll miss me but I was wrong about aver
ything
No more sparkles into my heart
No more girls tricks making crackeling noises
I've swallow all my tears and then drunk like a dead tramp
Oh I drunk like a dead tramp

I'll die alone but I don't know where I don't know when
Probably before the end of that song
