

Are you serious?

Do you think I'm such a smog-brained teflon-hearted easy target  
Ever prone ever accepting?

Don't you know my zero soldier army  
Taking aim and getting jittery?

Fire! Reload! Broadsides from the ghost ships!  
Fire! Leave not one stone on another!  
Hunker down! Protect you children!

Don't you know my zero soldier army  
Taking aim and getting jittery?
