

Revolution

Diplo

Oh oh oooh oh oooh oh oooh oh

Can you see it?

The worst is over

The monsters in my head are scared of love

Fallin people, listen up!

It's never too late to change your luck

So don't let them steal your light

E eh eh eh eh

Don't let them break your stride

E eh eh eh eh

There is light on the other side

And you'll see all the raindrops falling behind

It's a revolution

And we'll make it out tonight

It's a revolution

Rev, it's a reva

Oh oh oooh oh oooh oh oooh oh

Can you see it?

The worst is over

The monsters in my head are scared of love

Fallin people, listen up!

It's never too late to change your luck

So, don't let them steal your light

E eh eh eh eh

Don't let them break your stride

E eh eh eh eh

There is light on the other side

And you'll see all the raindrops falling behind

It's a revolution

And we'll make it out tonight

It's a revolution

Rev, rev, it's a reva, rev, rev

Oh oh oooh oh oooh oh oooh oh

Oh oh oooh oh oooh oh oooh oh

Rev, rev
