

## Disabled Complexes

Dir En Grey

Ah, I can't sleep again tonight  
Because you exist  
Because I was raped by you  
Why do you believe their voices?  
Ah, I won't be able to sleep again tomorrow

I threw away, even my slightest hope  
Deep down  
And I go mad again tonight - And again tonight I go mad

Ah, I can't sleep again tonight  
Because you exist  
Because I was raped by you  
Why do you believe their voices?

I can't coexist in the fabricated society with a crowl  
There is no meaning in living

The world is full of psychoes  
In your mind

Chikau kotoba mo nai nagasu namida mo karete  
Tonight I go mad

Psycho killer
