

## Reiketsu Nariseba

Dir En Grey

You're the one that's lost now  
You shallow shit with that sad  
little look on your face  
Why don't you just grow yourself some wings of pity?

Lose track of where you are,  
all dolled up as a star...? You  
make me laugh

SUCK ME DESTROY

Even when you talk big, you do it  
by protecting yourself SUCK ME
