

# Come Closer

Dirty Pretty Things

Hails to the chancers  
As boredom kills like cancer  
We need dreams  
For the romancers  
And I'm looking to you

Well, the life's so lonely  
I need my one and only  
If you know love  
Come on and show me  
Now I'm looking to you

So come closer, come closer, come closer, come closer, come closer  
My resistance is low  
Come closer, come closer, come closer, come closer, come closer  
I'm not letting you go

Had love and I set it free  
But it never came back to me, now  
The skies have gone ugly  
From Bolton to rugby  
As I'm looking for you

Now come closer, come closer, come closer, come closer, come closer  
My resistance is low  
Don't pay mind to them you're most beautiful when you don't bother  
So just let it go

Ohhh ohhh ohhh It's hard to sacrifice so  
Let me out, Let me out  
Ohhhhhhh  
Well it's hard to sacrifice so  
Let me out

I'm gonna find it all,  
I'm gonna find it all  
Ohhhh  
Come closer, come closer, come closer, come closer, come closer  
My the resistance is low  
Don't pay mind to them you're most beautiful when you don't bother  
So just let it go
