

## Off Science Hill

Dirty Projectors

Off science hill is a fenced off lot  
Your classic parking lot at the end of time

And off science hill is where I took a walk  
And I heard the finches and their empty talk  
Pavement turned into meadow and video tape tumbleweeds  
And in the corner, like a dinosaur bone  
The huge torso of a street lamp

There are elements in this day, in the day of Miami  
Go forth, find them in tank top  
Go forth searchin' in flip flops
