

# Structural Wound

Disarmonia Mundi

Wanna push it to the top wanna see how damn downward  
you can go  
This is where it all begins could as well be my last  
time for real

Never wanted to know, never wanted to see better open  
your eyes 'coz I'm breaking free  
Yeah, I'm breaking free

All your sorrow looks so hollow no, I don't need your  
words of advice anymore  
You're cheating, you're deceiving put the blame on me  
for things I don't even know

Fade away feeling almost dead inside - Just tear it  
apart  
Fade away fallin' off a shoreless lie - This time the  
wound is structural

I know how you feel know it too well the same old look,  
you ain't changed yet  
But trust my words you ain't seen nothing at all wanna  
drag you down

Where you brought me wanna quench your thirst with the  
worst disease  
Yeah, I'm your disease

All your sorrow looks so hollow no, I don't need your  
words of advice anymore  
You're cheating, you're deceiving put the blame on me  
for things I don't even know

(Now I'm awake)

There ain't a reason to justify your denial and now I  
see things how they are  
Fed up with treasons, my life from yours I divide for  
all my dreams are torn apart

One day we'll meet again farewell, why pretend?  
See you at the bitter end don't need this curse anymore

Fade away feeling almost dead inside - Just tear it  
apart  
Fade away fallin' off a shoreless lie - This time the  
wound is structural
