

CRAWL - CRAWL  
Is this the reason  
Why I ask myself  
I ask myself  
Again and again  
My own word is gone  
Now what shall I do  
I live the time  
That will be mine  
CRAWL - we'll stand and pray  
CRAWL - we all pass that way

I'm the art of life  
I want to scream and shout  
I want to get out  
I'm gonna break out  
From this mad, sad place  
It's been too long my staying here  
I must go away  
To find my way  
It makes sick  
It makes CRAWL  
Watch me fade away  
There's no chance to escape  
I'll take it all away  
CRAWL - we'll stand and pray  
CRAWL - we all pass that way

Where will it all end?  
Who decides what's going on?  
I must be strong  
To hold on  
Which way will I try now  
I'm sure despair will come  
I'm on the run  
New start has begun  
It makes sick  
It makes CRAWL  
Watch me fade away  
There's no chance to escape  
I'll take it all away  
CRAWL - we'll stand and pray  
CRAWL - we all pass that way

CRAWL, CRAWL, CRAWL, CRAWL, CRAWL, CRAWL, CRAWL, CRAWL
