

God? Master!

Disbelief

take my hand
the hand I've lost
I'll never find trust
in life to the ghost

the ghost surrounds me
an order like a wish
tears fall from eyes
a candle in the wind

lie - a lie - a lie . . .
a candle in the wind

I try to find peace with all my ways
the outside comes back, to real life
is this a turning?

God Master?!

I am your god
I am your master
I be like a friend for you

God Master?! - God Master?!
God Master?!
God Master?! - God Master?!
God Master?!

God - God - God Master?!

God Master?! - God Master?!
God Master?!
God Master?! - God Master?!
God Master?!
