

# Me And My World

## Disbelief

along a strange way  
tear down all fears  
rely on mind's eye  
and face all doubts

beware of the know all  
their pessimistic view  
preserve your conviction  
just visual - just visual for you

me and my world  
a wholesome church

no easy movement  
against the stream  
pragmatic values  
destroy the dream

beware of the know all  
their pessimistic view  
preserve your conviction  
just visual - just visual for you

me and my world  
a wholesome church

I take the difficult way  
I don't need any church to pray  
I've chosen the right way for me

I take the difficult way  
I don't need any church to pray  
I've chosen the right way for me

me and my world  
a wholesome church  
me and my world  
come on and see - and see...

they destroy the dream  
they destroy the dream, my dream  
they destroy the dream  
they destroy the dream, my dream  
my dream
