

Slow - Slow

It breaks my heart - when I see  
It's all left behind - left behind of me

Slow - Slow

A gate will be opened  
An new cage for me?  
A restart, new life  
That I can use to flee, to flee...

It breaks my heart  
When I see  
Something is going on  
No one is waiting for me  
A dream breaks up  
Restarted me  
From past and lie  
Navigator, Navigator

From this point, I'll help me  
So I know, I've to flee  
I'll see more, I see changes

Feel my heart, spill my blood  
Spill my blood

Slow - Slow, Slow

It breaks my heart  
When I see  
Something is going on  
No one is waiting for me  
A dream breaks up  
Restarted me  
From past and lie  
Navigator - Navigator

A restart for me?  
That I can use to flee, Navigator

From nothing to nothing  
Until I pass away, away  
Navigator - Navigator
