

## S.o.s. (sense Of Sight)

Disbelief

I have so many things to say  
I have been waiting for a better day to come!  
I have the time on my side  
I have the patience, it becomes friend of mine!

They insist on obedience  
Manipulating, capture the weak  
Total control surrounds me  
A prayer for this perfect world

I have wasted so much time  
I have reached the end of this life

A brainwash follows a brainwash  
A tool destroys your mind  
Helpless, inspired, unsuspecting  
Like a person, without a sense of sight

A life full of hell  
Full of obedience  
Only silent screams in the night, in the night, in the night

S.O.S. Sense Of Sight S.O.S.  
S.O.S. Sense Of Sight S.O.S.

I have to run away from this place  
I have to win that direful race

A life full of hell  
Full of obedience  
Silent screams in the night
