

# Shine

Disbelief

shine, shine

I'm so depressed, I'm so alone  
with my own thoughts  
they, never been told

it's like a tunnel, no light sorrounds me  
I loose my aim  
and I'm in grief

shine, shine...

my time will come, then I'll shine  
I'm looking back  
subjected life

until it's true I must be strong  
I've to stand tall  
without a doubt

am I blind  
no, I'll shine, I'll shine, I will...

shine - shine - shine - shine

it's just one step, it's just one thought  
keeps me alive  
to carry on

it's not for you, only for me  
it's like a wonder  
and now I'm in love

am I blind  
no, I'll shine, I'll shine, I will...

shine - shine

that was my story of bitterness and no glory  
now see me shine, now see me shine
