Discharge

Speed The Day  
Peace And Love Arise  
From The Darkness  
Dread And Dread  
From The Pit  
This Pit Of Hate  
For This Day Strive  
For This Day Strive

Go On Loving  
On And On  
Go On Loving  
On And On  
In Love Believing  
In Love Believe

Keep The Candle Burning  
Maybe One Day  
We'll See Things The Same  
Don't Be Afraid  
No Don't Be Afraid  
Afraid To Care  
Open Wide  
The Door To Your Heart

Extend The Kind Arm Of Infinity  
All Over The Human The Human Sphere  
Release Release Our Troubled Hearts  
And Grant Our Children Our Children Peace
