

## Fight for Love

Disciple

The body's failing, and my heart is breaking  
Hell is awakened, the souls it's taking  
We're taking back where they belong  
You cannot make us stop  
You'll never make us stop  
It's not about the songs, it's about our God

Who will stand and rise against injustice?  
Take up the cause of the unwanted ones?  
Who will stand to fight against us?

We live, we fight  
We live, we die  
We fight for love

Church windows breaking from people living outside the walls  
The bride must be ready for Jesus' imminent return
