

Game On

Disciple

When the lights go up and the game is on
Are you ready for me? 'Cause I'm ready for you
When the bell rings out and the fight is on
Are you ready for me? 'Cause I'm ready for you

It's time for us to start throwing down
Take a look and see who's standing now

Didn't even know that you and I were cross
Until a sneak attack from the weak side
Unaware that we were in a fight
I guess that's part of the problem, but guess what

Say what you want to say about me
Throw up what you want to throw up at me
But when you mess with those that are around me
That's when you and I will have a problem

I'm not afraid of loving my enemies
Turning the other cheek
Blessing those that would curse me
I honestly want peace with you
But when you come against my country
When you come against my family
You try to destroy my people
I can't just stand by
There's no way that I can stand by
This time, I will not stand by
I am coming, and if I come, then pain is coming with me
I'm coming, and pain will be with me
