

# O God Save Us All

Disciple

I've had a bad three days  
Coming off of a bad three years  
I've had nothing but time  
For me to think about how  
Things aren't always as they appear  
You know the sun don't always shine

With every dream that I chased  
I watch it all be erased  
And just like trying to capture the wind  
And the hole we find ourselves in  
Is sinking

Misguided  
Divided  
We have nowhere left to fall  
O God SAVE US ALL  
Mistaken  
Forsaken  
With our backs against the wall  
O God SAVE US ALL

I've been asleep forty days  
Been awake forty long nights  
My life is stuck in rewind  
If I don't think about  
These trials they'll just disappear  
My apathy turns out just fine

I wear a robe of regret  
Of pain I'd like to forget  
Like somebody left the record  
Stuck on repeat  
So that just when you think it's over  
It keeps screaming

Misguided  
Divided  
We have nowhere left to fall  
O God SAVE US ALL  
Mistaken  
Forsaken  
With our backs against the wall  
O God SAVE US ALL

Misguided  
Divided  
We have nowhere left to fall  
O God SAVE US ALL  
Mistaken  
Forsaken  
With our backs against the wall  
O God SAVE US ALL
