Till the day I die
Till day I die
Till the day I die I'll be a Radical
It's easy too find one that will compromise
but it's not easy to find one that's willing to stand
But the road to hell is wide
but to haven it's one way it's one truth it's one life
That's why we're not ashamed of the name of Jesus
and we don't care if the whole world sees us
From our chains he has set us free
and I could never repay what he has given to me
I've been radically loved
I've been radically changed
By his grace I have been radically saved
and I'll live my life no other way
With my hart with my soul
Till the day I die I'll be a Radical
With my blood with my bones
It's easy to find someone that's willing to die
but it's not easy find someone that's willing to live
I want to walk in his footsteps even if the world hates me
ready to love and not afraid to forgive
Never ashamed of the name of Jesus
and yeah we want the whole world to see us
see He's burning in our harts
offering mercy with outstretched arms
Not just my mouth but let my hands speak the glory of God
Not just my mouth but let my hands speak the glory of God
