

Right There

Disciple

It seems so dark now
Can't find which way
Knowing there were more when you first started
There's nothing that's been stolen that I cannot replace
(1 Peter 5: 10)
Fear is just a distant memory
When you find love surrounds you (1 John 4:18)

Before you open up your eyes
Know that I'll be there
I'm always right there
Before you walk across the fire (Isaiah 43: 2)
Know that I'll be there
I'm always right there
Right there (Matthew 28: 20)

I know you feel abandoned
Left on your own (Psalm 71: 9-11)
(You) turned around and they all walked away
(Psalm 55: 12-14)
But sometimes faith's the brightest
When you're not looking down (Hebrews 12: 2)
But when the fire fills your eyes and you see
Love is all around you (1 John 4: 16)

Before you open up your eyes
Know that I'll be there
I'm always right there
Before you walk across the fire
Know that I'll be there
I'm always right there

You will never have to walk this road alone again
(Leviticus 26: 12)
Before you walk across the fire I'll be right there

Before you open up your eyes
Know that I'll be there
I'm always right there
Before you walk across the fire
Know that I'll be there
I'm always right there
Right There
