

## Shine Down

Disciple

Destiny  
Questioning the connection with some  
Divinity  
Is there something for me?  
I'm stretching out my faith

I have tasted all the things this world has offered me  
It has left me thirsty for something this world cannot see

Shine down on me  
If You're the one who loved me before the stars were made  
Shine down on me  
If You're the one who gave it all to dethrone my shame

I'm empty  
All of my successes have left with  
Depravity  
Now that all else has failed  
I'm stretching out my faith

At the pinnacle it was impossible to see  
In the deepest of this darkness it comes clear to me
