

Take Me

Disciple

Lying stagnant, lost, but found never gaining enough ground
Salvation from prayer on my knees but I can't take the monotony

Where else could I go to the one that I know I need to go farther
if it's no bother

Take me higher (3x)

Step by step, just lead me on the path that I've been on so long
Show me ways that I can grow 'cause I need to be so close
